"Resource List for Organists:
**Arrangements & Accompaniments
of Hymns in the LDS Hymnal"**

Compiled by DeeAnn D. Stone

(Note: There are four ordering options available. After DeeAnn receives the PayPal receipt for your payment, she will send your order to you to the email on the receipt. This eBook contains no printed music.

Begun in 1993, this 2019 update has an extensive list of organ and piano hymn arrangements and accompaniments that can be used for preludes, postludes, and congregational singing.

Listed alphabetically by hymn title and also by composer or arranger, each available arrangement is linked to the publishers and distributors where they can be purchased, or where they are available for download (some arrangements are generously offered as free downloads).

A list of hymn keys is also included in the eBook, as are arrangement titles for songs from the "Children's Songbook."
